

OMNI Orthopaedics Appointment No Show Policy

OMNI Orthopaedics requires notification of a patient's inability to keep their scheduled appointment. Advanced notification of a patient's inability to keep a scheduled appointment allows us to offer that appointment date and time to another patient.

Failure to keep a scheduled office appointment, a scheduled psych evaluation, or a scheduled diagnostic testing appointment (EMG, MRI) without calling the office to cancel prior to the appointment time, will result in a no-show charge of \$25.00 for a missed office appointment and a charge of \$50.00 for a missed psych evaluation or diagnostic testing appointment.

This fee will be charged to the patient/guarantor NOT to the patient's insurance carrier and must be paid in full prior to the next appointment.

Thank you in advance for your cooperation.
